

Designer Introduction

My name is Ohsojang and I live in Seoul. I work as a programmer. I design and build new things in my free time. Building bricks hobby allows me to fulfill my little dreams. The whole process starting from planning a project to building makes me feel extremely happy.

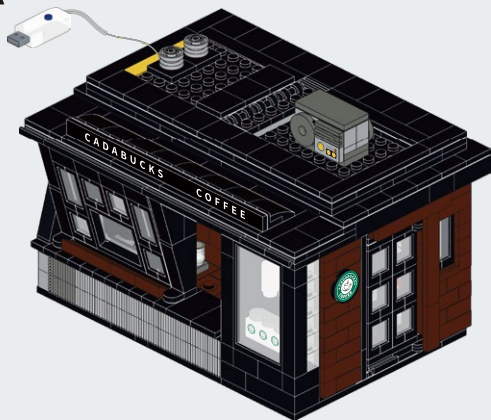

I hope that you will also have as much joy while building my Moc as I did while working on it. Thank you.

Designer: Ohsojang

A handwritten signature in white ink, appearing to read 'Ohsojang'.
