

Designer Introduction

Maciej 'Dmac' Szymański began his adventure with building bricks in the early '80s and returned to the hobby as an adult. His main interest are highly detailed, realistic, brick-built scale models of World War II tanks, construction equipment and Star Wars vehicles, usually packed with electric motors and lights.

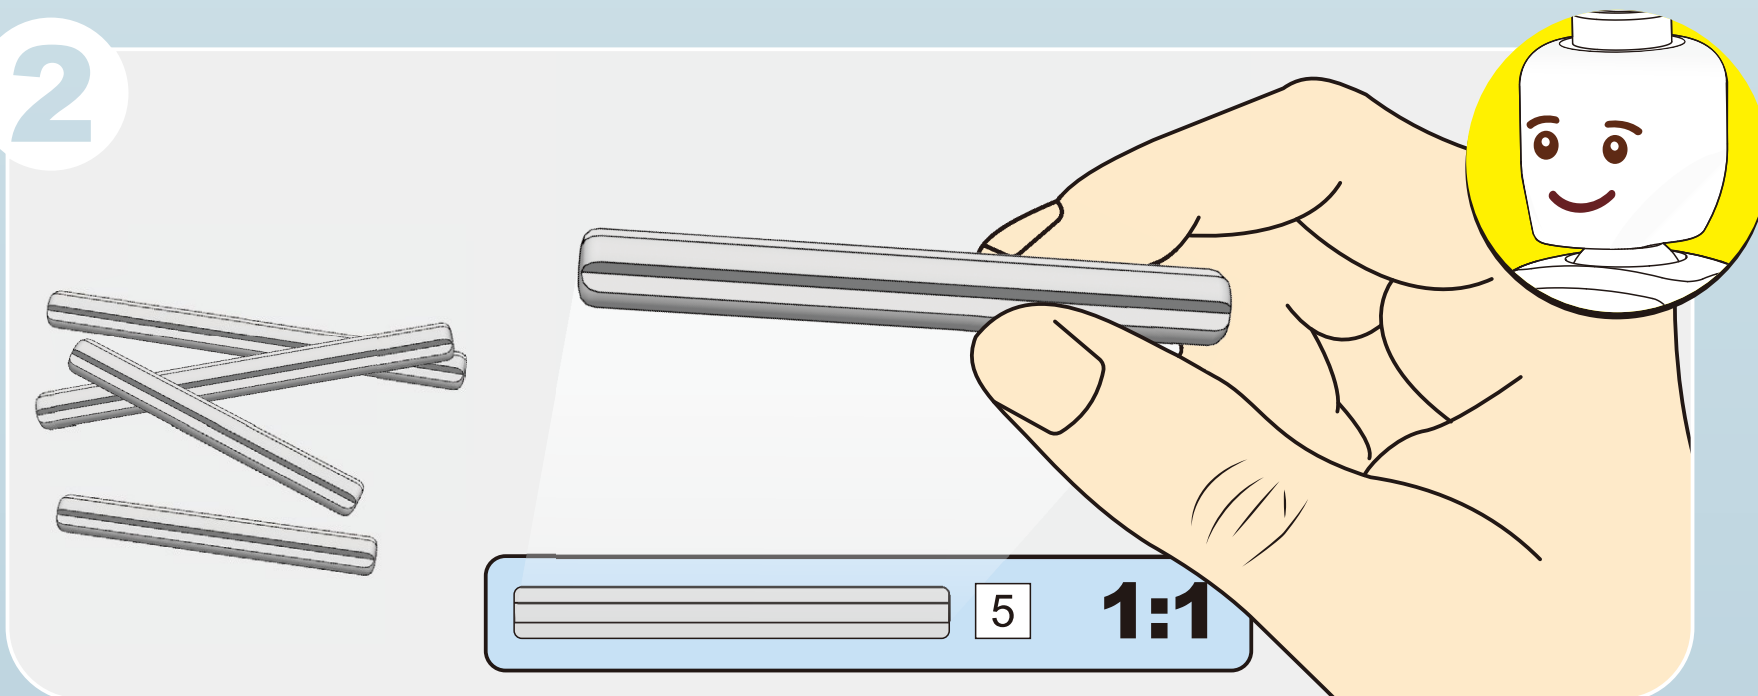

Designer: Maciej Szymański

A stylized, handwritten signature in white ink, appearing to read 'Dmac' or 'Maciej'.
